ENERGY - Five Year Plan

Done

- Solar on studio
- New windows in main home
- Research heat pumps

To Do This Year

- Upgrade solar on studio
- Smart blinds on studio to optimize sun/shade
- Solar on main home
- Replace Gas on-demand water heater with electric
- Replace all lights with LED
- Divest from fossil-fuel supporting companies and banks
- Reduce use of dryer - increase clothes line use
- Reduce hot (and all water use) - foot pedal sinks
- Understand power usage of plugs - even when not charging and unplug - or design / buy smart outlets that automatically turn off if not in use or reduce any non-use drain
- Switch to energy company to fully clean grid if available

To Do Within 5 Years

- Fully electric houses - from all clean energy
- Gray water reuse on studio

Policy Efforts

- Push for clean grid options in my area

Community Efforts

-

TRANSPORT - Five Year Plan

Done

- Purchase Hybrid Car
- Reduce non-bike / walking travel
-

To Do This Year

- Upgrade to electric car
- Carbon offset all air travel

To Do Within 5 Years

Policy Efforts

- Push city wide initiatives for green public transport

Community Efforts

- Support local ride share programs

DRAWDOWN and SEQUESTER - Five Year Plan

Done

- Waste less food and compost
- Stop eating red meat
- Eat less meat overall

To Do This Year

- Learn to cook vegan
- Plant a garden with gray water irrigation and composted soil
- Join community garden and local CSA
- Invest in social choice fund and Climate First Bank

To Do Within 5 Years

- Raise chickens for eggs
-

Policy Efforts

- Support efforts for a carbon tax - particularly in wealthy countries

Community Efforts

- Explore and support community composting and reduction of food waste from restaurants and schools

CONSUMPTION - Five Year Plan

Done

- Stop buying books
- Cancel all magazine subscriptions
- Inventory all items I own, make clear list of anything I need
- Rehome all items not in use

To Do This Year

- Join a circular economy

To Do Within 5 Years

Policy Efforts

-

Community Efforts

- Push for advertising free zones in my community
- Work with restaurants to provide reuse / biodegradable containers

GETTING TO 2040 - Five Year Plan

Done

- Educate myself on the climate crises and potential solutions

To Do This Year

- Support / form education initiatives in my community.
- Create a climate dashboard for my community
- Join / Drive the sustainability efforts at my company.

To Do Within 5 Years

Policy Efforts

- Support carbon tax

Community Efforts

WOMEN and GIRLS - Five Year Plan

Done

- Support women's education through donations
- Create career opportunities for women in every career position I have been in.
- Mentor girls.

To Do This Year

- Share climate learning with girls / women in particular

To Do Within 5 Years

Policy Efforts

- Support equal pay efforts
-

Community Efforts

- Understand state of girls education in my community - among all citizens and immigrants. Work to remove gaps
- Build / Support girls mentorship programs in my community.
